EXPERIENCE

SOFTWARE ENGINEER

GeniTeam Solutions

July 2023 - July 2025

- Developed gameplay systems, AI behaviors, physics-based mechanics, and responsive player controllers for mobile games.
- Built modular systems for gameplay, UI, enemy behaviors, and interaction mechanics.
- Optimized CPU, memory usage, and Android performance for smoother gameplay on low- and mid-range devices.
- Worked with debugging, profiling, object pooling, and scalable architecture practices.
- Collaborated with designers and artists in Agile workflows from prototype to production release.

Projects: Slice It: Cut Them All, Bot Crash: Combat Arena, Agent Hunt Sniper: Pro Shooter, Bike Surfers: Race Rush 3D

ASSOCIATE SOFTWARE ENGINEER

GeniTeam Solutions

July 2022 - June 2023

- Built modular systems for UI, AI behaviors, meta-game systems, and gameplay flow.
- Enhanced gameplay experience through UI polish, VFX/SFX integration, and optimization improvements.
- Resolved critical gameplay and technical issues while maintaining production stability.
- Contributed to shipped projects across horror, casual, and action genres.

Projects: Clash of Scary Squad, Bombs Away: Survive Or Die, Last Bomber Standing, Amelie And The Lost Spirits, Scary Stranger 3D

UNITY GAME DEVELOPER TRAINEE

GeniTeam Solutions

March 2022 - June 2022

- Built gameplay mechanics, UI systems, and debugged training projects using Unity and C#.
- Applied clean coding practices and gained hands-on experience in optimization and profiling.
- Collaborated with senior developers to implement production-ready gameplay features.

EDUCATION

BACHELOR OF SCIENCE - BS COMPUTER SCIENCE

The University of Lahore

2017 - 2022

HIGHER SECONDARY CERTIFICATE - COMPUTER SCIENCE

Government Islamia College, Civil Lines

2015 - 2017

SUMMARY

Unity Developer with 3+ years of experience developing and shipping real-time interactive mobile applications using Unity and C#. Skilled in gameplay systems, AI behaviors, physics-based mechanics, performance optimization, and scalable architecture. Experienced in building production-ready features from prototype to release in collaborative Agile teams.

PROFESSIONAL SKILLS

Gameplay Programming

Game Optimization & Profiling

AI & Game Systems

UI/UX Implementation

Bug Fixing & Debugging

Version Control (Git, SVN)

Clean & Modular Code Practices

Ads, Analytics & Live Ops Integration

Understanding of Core Game Metrics (Retention, DAU, Impressions, CPI)

PERSONAL SKILLS

- Strong problem-solving and debugging skills
- Cross-functional collaboration
- Ownership-driven development
- Writes clean and reusable code
